

National CLAS Standards Training—March 19, 2019

National Standards for Culturally and Linguistically Appropriate Services (CLAS)

The National CLAS Standards are a set of fifteen action steps intended to advance health equity, improve quality, and help eliminate health care disparities by providing a blueprint for individuals and health and health care organizations to implement culturally and linguistically appropriate services.

Objectives of the training include:

- Understand the history and imperatives for implementation of the CLAS Standards
- Review key concepts related to cultural competence
- Examine possible strategies, resources, and tools for implementation
- Evaluate agency effectiveness in providing culturally and linguistically competent care
